Re: Court Rule No. 2003-47

Dear Michigan Supreme Court:

The Michigan Constitution as well as the United States Constitution makes it clear that judges are not to make the law but rather interpret the law. Why is the Michigan Supreme Court even considering taking steps that would effectively change the law denying Michigan asbestos disease victims like myself the right to a jury trial.

Michigan and the Michigan Supreme Court are being used as tools of the asbestos industry and big business to deny working people their constitutional rights to a jury trial when harmed by corporate misconduct.

The problem in Michigan is the failure of corporations to take responsibility for their bad actions and the willingness of big business and certain judges to blame the victims of corporate misconduct instead of holding the corporations accountable.

Please don't allow this to take place.

Sincerely,

Abel Osuna
